

Remarks:

This amendment is submitted in an earnest effort to advance this case to issue without delay. The examiner has indicated that the case contains allowable subject matter.

The specification has been amended to eliminate some minor obvious errors, to insert in it the required US headings, and to eliminate reference to the claims. No new matter whatsoever has been added.

A more descriptive title has been supplied.

The claims have been gone over to eliminate the §112 problems and generally to place them in better US form.

The subject matter of allowable claim 10 has been added to claim 9 to make it also allowable. Thus all the independent claims in the case contain allowable subject matter.

Since the case contains allowable subject matter and all formal objections have been cured, it is in condition for allowance and passage to issue. Notice to that effect is earnestly solicited.

If only minor problems that could be corrected by means of a telephone conference stand in the way of allowance of this case, the examiner is invited to call the undersigned to make the necessary corrections.

Respectfully submitted,  
K.F. Ross P.C.
